

# **DISHA**

Career counselling is a structured and comprehensive process designed to assist students and parents in making informed educational and career related choices, which in turn lead to smoother transition for students from school to college and then work life. The process involves knowing one's strengths and interest while at the same time exploring different careers opportunities and pathways, going through some scientifically proven tests, meeting experts, one on one sessions and customized solutions.

Disha is one path breaking approach to this matchmaking between the potential of the student to the world of opportunities.

# Disha- How does it work?

## Frequently Asked Questions

### **I want to know more about the Disha's expertise in the career counselling area.**

Disha is backed by string technological support system with proved assessment tools. Our team of career counsellors and experts consists of specialists with 20+ years of experience in the coaching and counselling field.

### **Do I have to be physically present to avail your services?**

The career counselling services by Disha are easily accessible across India. You may visit our associate centers, if in your vicinity or through zoom meetings and telephone. These are as effective as face-to-face sessions, and a majority of students choose them for the convenience they provide.

### **Are parents also involved in the counselling process?**

Yes, we encourage parents to be involved in the process.

### **Will I receive any support from your end after the sessions are over?**

Yes, surely. We will be in constant touch with you for any type of help you may need after your sessions are over. You will get online / telephonic support from our experts for one year, for all your stream and career-related queries.

### **What is the duration of the career counselling program?**

It depends upon your current class / standard of study, but in an ideal case it should take 2-3 weeks to complete the entire program with multiple sessions.

### **Can I only take the assessment now and add counselling later?**

No, for better effectiveness and to reap full benefit you are advised to take the full program in one go.
